### 1. About

The patient organization SMÁci, z. s. was founded in early 2017 with the aim of defending the interests of patients with spinal muscular atrophy and their families. SMÁci promotes, supports, and defends the interests of patients with SMA, persons close to patients with SMA and other caregivers for these patients. They also work together to ensure quality of life, care, support, and effective treatment for SMA patients.

### 2. Mission

Patient advocacy and raising awareness for SMA in our region.

### 3. Focus

Ensuring that patients of all age groups have access to treatment.

Newborn Screening.

Communication with all stakeholders.

### 4. Coming up

New communication strategy, raising awareness about SMA.

Cooperation on international level, partnership with Slovakia and other countries.

Increasing the level of service of our coworkers and volunteers.
